

What is required from UHarvest Pro

- GCM Software Version 24.1.0.4
- Installed on all carts equipped with UHarvest Pro shipped after January 1, 2024
- Software can be installed on any UHarvest Pro GCM produced to date
- Required a checkbox to be checked on the GCM to share the weight.

Raven GCM-Diagnostics

System Information

Hardware/Software

Hardware Part Number	0630174053
Hardware Serial Number	11872
Hardware Revision	B
Board Part Number	0640171466
Software Part Number	0770171538
Software Version Number	24.1.0.4
Bootloader Version Number	5.0.0.12

The screenshot shows the 'System Information' screen in the Raven GCM-Diagnostics application. The 'Software Version Number' field is highlighted with a red box, and a yellow arrow points to it from the right. The application interface includes a top navigation bar with icons for user, settings, alerts, and a tractor, and a right-hand sidebar with icons for home, Raven logo, a scale, a tool, a device, settings, and a page indicator showing '1 2 3'.
